Robert O Dosswell the Clerk of this court who proved that at the February term of this Court in the year 1864 an original paper purporting to be the will of Lucy T Bowles deceased was produced in Court and proved by the oath of Fleming White one of the Subscribing witnesses thereto and continued for further proof and that the paper now offered for probat is a true copy of the said original paper together with the Clerks Certificates thereon. That sometime in January 1865 the said original paper with the said Certificate of the Clerk written thereon was stolen out of his possession and he has never seen nor heard of it since although he has used every means to recover it, It has no doubt been destroyed.
Chastain White testified that in January 1859 he wrote a Will for Lucy T Bowles deceased that he has a distinct recollection of the substantial contents of the said will and the paper now offered is a true copy of it in substance and he believes in the very words. The testatrix being of sound mind executed the said will in his presence and in the presence of his brother Fleming White and they in her presence, at her request, and in the presence of each other subscribed their names to the said will as witnesses. He has been informed and believes that Bathurst I Nash afterwards subscribed his name also as a witness
Fleming White testified that same years ago Lucy T Bowles executed her will in his presence and in that of his brother Chastain White and they at her request in her presence and in the presence of each other subscribed their names as witnesses. The Testatrix was at the time of perfectly sound mind that he has seen the said original will with his signature thereto as a witness, since the death of the testatrix and had it before him at the February term of this Court in 1864 when in Court he proved the same. The name of Bathurst I

Nash was also signed as a witness.

The Court doth certify that John H Meredith has been a resident of this County for more than one year next preceeding, That he is a person of honest demeanor. And the full age of Twenty one years.

This day came John B Saunders by Hollady, Bayly and White his Counsel and moved the Court to complete the probat of the will of John C Saunders deceased which was only partially proved at the last Court and continued until this day for the Deposition of Thomas J Puryear the other subscribing Witness to the said will. Said Witness being now present in Court, gave the following evidence that on the 27th of January 1864 he was called upon to attest the will of the said John C Saunders and that the said John C Saunders executed his will in his presence and that of the said William J Childress and they at his request in his presence and in the presence of each other subscribed their names as Witnesses. The said Testator was at the time of perfect sound mind. That he has seen the original Will with his signature thereto as a Witness since the death of the said Testator and had it before him at the August Court of this Court in 1864. When in Court he proved the same. And that the paper now offered for probat is a true copy of the said Will then proved. And thereupon the Court being satisfied by the evidence that the said paper writing contains the true last will and Testament of the said John C Saunders deceased. doth admit the same to probat as the last will and Testament of the said John C Saunders deceased. The Original having been destroyed by the Public Enemy.

Whereupon on the motion of John B Saunders the Executor in the said Will named a certificate is granted him for obtaining a probat of the said Will he having taken the oath of an Executor and entered into and acknowledged a bond according to law which bond is ordered to be recorded. A Report on the application of Augustus Broach for leave to open the road from a point opposite John Thomas land on the Road leading from John Haws Shop through the said Broach's and Henry Kirby's farms known as "Studley" to Tolopotomoy Creek on the road leading along by said Haws Mill to the Rolly Road was returned Confirmed by the Court and ordered to be recorded And is in the words and figures following to wit:

"We the undersigned have this day in Compliance with the ~~Answered~~ order Viewed the road running through Studly a part of which road is through the land of Augustine Broach purchased of Philip R Norment and a part leading through the land in possession of Henry Kirby purchased of the said P R Norment and leading as an outlet of the public road near Tolopotomoy Creek leading from Haws Mill to said Creek. And report that the road travelled has been for forty or fifty years and probably longer time been travelled upon by the public and persons in the immediate neighborhood (notwithstanding that it has never been a public road established by law) that this road has been so used because the hills on the public road by Haws Mill are especially in the Winter very difficult to pass over that the injury mentioned by Henry Kirby on the Continuance of said road would be some washing of sand on a little of the land by rains and the inconvenience and expense keeping up two gates or draw Bars and the contingency of having his crops injured by persons passing along the road through the land as an outlet to said main road. That we are informed that Philip R Norment when he sold his land called Studley to Augustin Broach (and before he sold the part of Studley now in possession of said Kirby) reserved the right of way on this road as an outlet to said main road to Augustine Broach and his friends and neighbors and made the same reservation to Mr Broach when he sold to Mr Kirby. We also report that it is not the wish or desire of Augustine Broach to make this a public road but that he is willing to have the same continued through his land as heretofore and desires that he should

have his reserved rights in his passage along the road through the land of Kirby to be continued as an outlet to the City of Richmond deprived of which rights he would be put to great inconvenience. We also report that the said Kirby has recently thoroughly obstructed the passage on this road by taking down two gates putting in the place of them a strong fence, cutting down a good bridge of a stream of water and digging a ditch a little outside of the gate which gave the outlet to the main road and that the said bridge and gate of outlet was not built at the expense of Henry Kirby.
