Recommendations

APPROVAL subject to the submitted proffers, dated June 4, 2014.

Planning Commission

APPROVAL subject to the submitted proffers, dated June 4, 2014.

Planning Analysis

The applicant has submitted a conceptual plan showing the 6.1 acre subject parcel to be divided into a 2.1 acre lot and 4.0 acre lot. Both lots shall have access from the private road, Bradley's Country Lane, which runs along the southern boundary of the property and connects to W. Patrick Henry Road. This irregularly shaped parcel was created in 1973 when it was recorded on a plat for a division among heirs of an estate. The shape of the lot made it difficult to design a conceptual plan that met the lot shape requirements of the Zoning Ordinance. Although the proffered conceptual plan layout is not ideal, both of the proposed lots technically meet the AR-6 requirements for lot size, width, and depth. Should this rezoning application be approved, the applicant must submit a family division application for review and approval that is in substantial conformity with the proffered conceptual plan.

This application for AR-6 zoning for one additional lot is consistent with the Agricultural land use designation in the Comprehensive Plan and should have little impact to the existing rural residential character of the area. The proposed lots are similar in size to others in the area, and a tree preservation proffer has been submitted to limit the clearing of large trees on the property.

Agency Analysis

There were no substantive comments from any of the reviewing agencies.

Proffers

The applicant has submitted the standard proffers for a rezoning application to allow a family division. These proffers cover the following topics: conceptual plan, tree preservation, wetlands certification, perennality study, and family division. Staff recommends approval of the submitted proffers, dated April 17, 2014.

Planning Commission Recommendation

At their meeting of May 15, 2014, the Hanover County Planning Commission, on a motion by Mr. Leadbetter, seconded by Mr. Whittaker, voted to recommend **APPROVAL** of the request to rezone from A-1, Agricultural District to AR-6(c), Agricultural Residential District with conditions on GPIN 7822-83-8301, consisting of approximately 6.18 acres, subject to the submitted proffers.
