

## Macroinvertebrate Organisms Data Card

**Organism Name:**

**Organism Features: (circle one)**

Shell or No shell

Legs or No Legs

Wings or No wings

Tail: 0 1 or 2 3

**Water Pollution Tolerance Level (circle one)**

(Refer to Stream Insects & Crustaceans guide)

**Group I** – Intolerant; pollution sensitive organisms found in good quality water

**Group II** – Moderately tolerant; somewhat pollution tolerant organisms can be in good or fair quality water

**Group III** – Tolerant; pollution tolerant organisms can be in any quality of water

**Sketch of Organism:**
