Offered by Cigna Health and Life Insurance Company.

* Providers identified as having top results, based on Cigna's latest Quality, Cost Efficiency, and Cigna Care Designation Methodology White Paper. Some doctors are included in Tier 1 due to contractual obligations and may not meet Cigna quality and/or cost-efficiency measures.

** Depending on your plan, you may have to pay an annual amount (deductible) before the plan begins to pay for covered health care costs. Once you meet your deductible, you pay a copay or coinsurance (a portion of the charges) for covered services. Then, the plan pays the rest.

The information provided here is intended to be general information on how you can get the most out of your health care benefits. Individuals are encouraged to consider all relevant factors and consult with their physician when selecting a health care provider. Participating health care providers are independent practitioners and are solely responsible for the treatment provided to their patients. They are not agents of Cigna.
