

**PUBLIC NOTICE
HANOVER COUNTY BOARD OF SUPERVISOR ELECTION DISTRICT
REDISTRICTING
PUBLIC INFORMATION SESSION SCHEDULE**

Hanover County is holding public information sessions on the proposed restructuring of County election (magisterial) districts. The restructuring – referred to as “redistricting” – will result in changes to election districts, precinct boundaries, and polling place locations. Members of the Board of Supervisors are elected and certain appointments are made on the basis of the districts. The County has to change its election districts every ten years, after the nationwide census conducted by the U.S. Census Bureau.

Census data shows that Hanover County has a population of 109,991. Because this is an increase in population, the County must change the boundaries of the election districts for its Board of Supervisors so that each district has an approximately equal portion of the County’s population.

**REDISTRICTING HAS ABSOLUTELY NO EFFECT ON SCHOOL
DISTRICT BOUNDARIES.**

Public meetings to provide information to County residents and collect their comments on redistricting, will be held from 6:00pm-7:30pm at the following locations on the dates noted. No formal presentation will be given. Maps and other materials will be available for review, and County staff will be there to answer questions and take comments.
