

Safety & Risk Management Classroom-Based Training Resources

Classroom – Based Training Resources

For courses listed in the Hanover County Safety & Risk Management Training Matrix that have a requirement for **initial training** to be completed in the classroom environment, the list below provides information on external resources in the Central Virginia area that are available to provide such training to individual or multiple departments.

Safety & Risk Management will schedule and offer classroom-based training in-house on a periodic basis. As courses are scheduled, Safety & Risk Management will provide announcements of upcoming training to all County Department heads for enrollment & attendance.

User Note: This list is not a comprehensive list of all resources available. Please contact Safety & Risk Management for additional resource recommendations. All agencies provide comprehensive classroom-based training in multiple areas of Occupational Safety & Health as well as Risk Management/Emergency Response.
